SUBJECT INDEX

Acrylates, monofunctional and multifunctional, dermal oncogenicity bioassays of, 55
Acrylic acid esters, vapors of, LC 50 values for rats acutely exposed to, 811
Alkyltins, effect on rabbit articular and growth-plate chondrocytes, 229
Aryl hydrocarbon hydroxylase tissue-specific activities, 727

Benzo[a]pyrene:
  and aflatoxin B_1 β-naphthoflavone-induced metabolism and mutagenesis of, differential sensitivity to, 255
  distribution and macromolecular binding of, 263
Benzo[a]pyrene dione-benzo[a]pyrene diol oxidation-reduction couples, involvement of, in DNA damage, cellular toxicity, and carcinogenesis, 679
Brain tumors, occupational exposure and, 703
Byssinosis, pathogenesis of, bacterial lipopolysaccharide (endotoxin) and *N*-formyl methionyl peptide as factors in, 607

Calmodulin-activated calcium ATPase, chlordecone inhibition of, in rat brain synaptosomes, 189
Chlordane, effect on influenza type A virus and herpes simplex type 1 replication, 173
Cigarette smoke, passive and active exposure to, 523
Cigarettes, mainstream particulates of, cadmium and nickel in, 547
Coal fly ash, effect of inhalation on vitamin A distribution in organs of rat, 655

DDT, estrogenic activity of, 493
Di-2-ethylhexyl phthalate (DEHP), antifertility and mutagenic effects from parenteral administration of, 71
2,6-Dichloro-*p*-phenylenediamine, disposition of, 285
Dicyclopentenyloxyethyl methacrylate, acute toxicity, subchronic dermal toxicity, and delayed contact sensitization evaluations of, 39
Dietary calcium, effects on lead absorption, distribution, and elimination kinetics, 147
Diethylstilbestrol, hepatic presystemic elimination of, 615
Diethylstilbestrol carcinogenesis, possible role of 4′,4′′-diethylstilbestrol quinone in, 693
Dimethylaminopropionitrile, inhibition of glycolytic enzymes by, 469
Dithiothreitol administration, renal cortical mercury distribution following, 137
Drinking water, aldicarb sulfoxide/aldicarb sulfone mixture in, 163

Emulsifiers, effect on influenza type A virus infection, 441
O-ethyl *O*-4-nitrophenyl phenylphosphonothioate, pattern of neurotoxicity of *n*-hexane, methyl *n*-butyl ketone, 2,5-hexanediol, and 2,5-hexanedione alone and with, 85
Exercise, enhancement of ozone-induced lung injury by, 841

Gases, in vitro system for exposure of lung cells to, 115

Herpes simplex type 1 replication, effect of chlordane on, 173
2,3,4,5,6,7,-Hexabromonaphthalene as a persistent hexabromonaphthalene isomer, 219
[^{14}C]-hexachlorobenzene, distribution and elimination of, 197
Hexachlorobenzene-induced porphyria, changes in cytochrome P-450 and monooxygenases in, 207
Homogeneous data base, analysis of, 333

Influenza type A virus:
  effect of chlordane on replication of, 173
  infection, effect of emulsifiers on, 441

Inhaled particles, comparison of lung burdens of, in rats exposed during day or night, 323

Lead:
behavioral effects of exposure to, 315
early postnatal exposure to, 869
pharmacokinetic model to describe disposition of, 631
Lindane, metabolism of, effects of age and obesity on, 771
Lung, low burden of iron oxide in, characteristics of alveolar macrophages following deposition of, 855

MCF-7 human breast cancer cells, influence of phomopsin and ivalin on steroid-hormone binding and growth of, 13
Methacrylic acid esters, LC50 values for rats acutely exposed to vapors of, 811
Methyl tertiary butyl ether, teratology evaluation of, 797
3-methylfuran, long-term effects of repeated exposure to, 581
Mycotoxic phomopsin toxin, steroid hormone-receptor activity in presence of, 1

Native and surface-modified silica and kaolin, in vitro biologic toxicity of, 415
Neurotoxic aminonitriles, in vivo and in vitro release of cyanide from, 449
Nonsteroidal antiinflammatory compounds, relative toxicities in primary cultures of rat hepatocytes, 425

Occupational exposure and brain tumors, 703
Ochratoxicosis, renal tubular secretion and reabsorption as factors in, 593
Oligomers, acrylate-based, dermal oncogenicity bioassays of, 55
2,2′-Oxamidobisethyl 3(3,5-DI-*tert*-butyl-4-hydroxyphenyl) propionate, subchronic feeding study in beagle dogs of, 277
0.3 ppm ozone exposure, effect on type II cells and alveolar walls of newborn mice, 535
Ozone-induced lung injury, enhancement of, by exercise, 841

Particles, intrapulmonary deposition of, lung and pleural "free-cell responses" to, 823
Particulate manganese oxide, age-dependent changes in gastrointestinal transport and retention of, 887
Pesticides, percutaneous absorption and decontamination in humans, 25
Phenacetin genotoxicity assay for in vitro and in vivo test systems, 353
p-phenylene diamine dihydrochloride, disposition of, 299
Phosphorothioate esters, mutagenic and cell transformation activities of, 403
Polychlorinated biphenyls, correlation between in vivo and in vitro quantitative structure-activity relationships (QSARs) of, 379

Quinones:
as mutagens, carcinogens, and anticancer agents, 665
as toxic metabolites of benzene, 673
use of in brain-tumor therapy, 713

Salmonella typhimurium cultures, phthalic acid esters and metabolites in, mutagenicity evaluation of, 61
Sesquiterpine ivalin toxin, steroid hormone-receptor activity in presence of, 1
Short-term tests, rational approach to evaluation of, 333
Short-term whole-animal bioassay, development of, to distinguish initiating agents, promoting agents, complete carcinogens, and noncarcinogens, 389
Soil-borne polybrominated biphenyls, bioavailability of, 565
Subchronic formaldehyde inhalation, effect on minute volume and nasal deposition, 553
Submicron zinc oxide and sulfur dioxide, lung injury caused by, 101
Sulfolane, effect on behavioral and autonomic thermoregulation, 461

2,3,7,8-tetrachlorodibenzo-*p*-dioxin:
assessment of exposure to, using a modified D-glucaric acid assay, 743
toxicity of, thyroid hormones as modulators of, 481

2,4-toluenediamine, reproductive toxicity of, 753, 763
Trimethyltin, early effects on dentate gyrus basket cells, 641

Urinary metabolites, monitoring study of, among Florida citrus workers, 509

Volcanic ash, in vitro biological effects of, 127

Xenobiotics, procedures to enhance withdrawal of, from chickens, 243
